Usability Testing

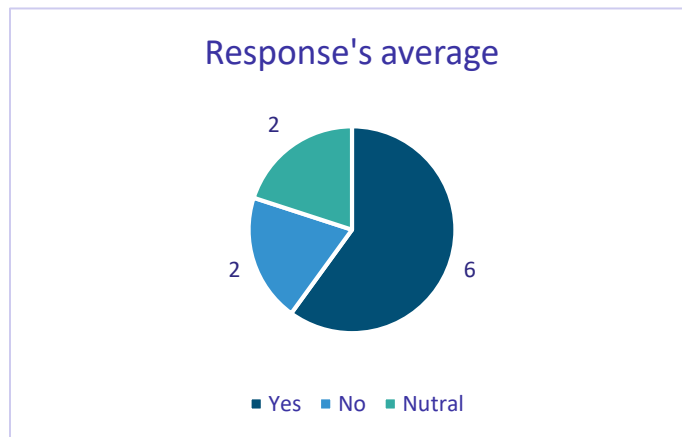

Informative feedback.

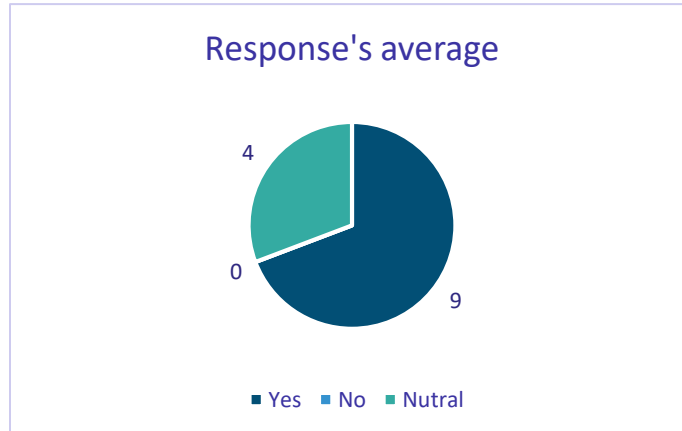

This website closes all the processes easily.

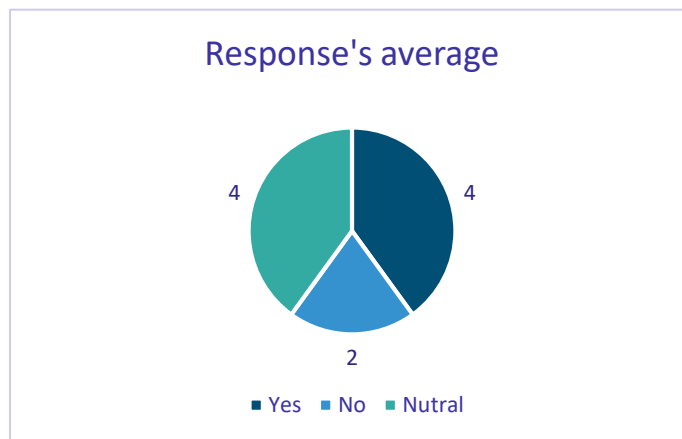

The web has similarity in Content.

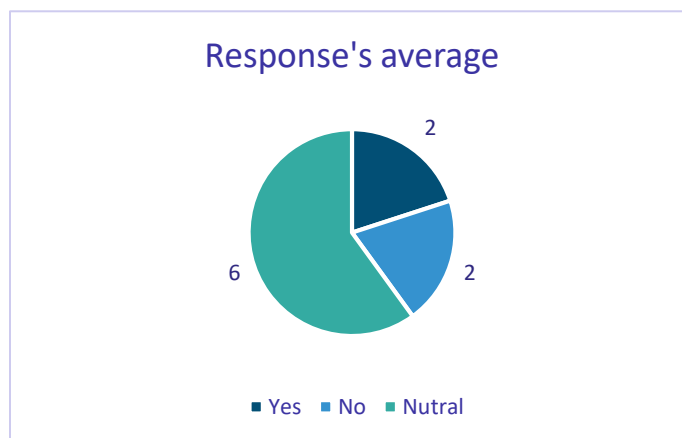

The web reduces short-term memory load.

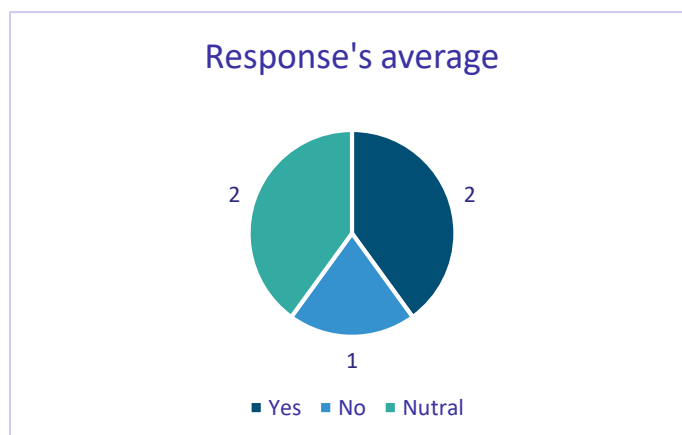

Support internal locus of control (Full Control)?

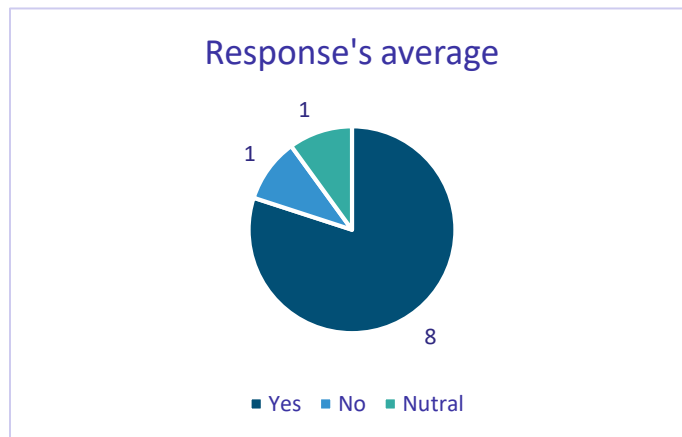

Offer simple error handling (Easy to fix the error)?

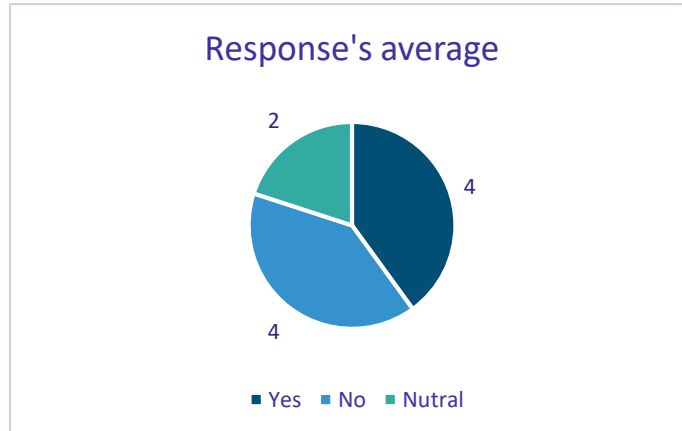

Enable frequent users to use shortcuts (Provide shortcut facility)?

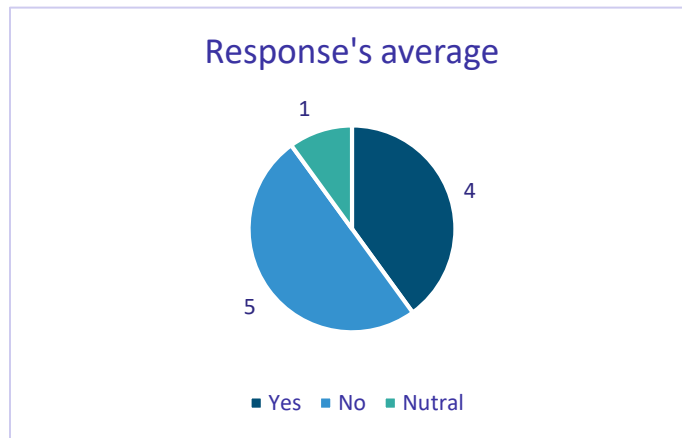

Permit easy reversal of actions (Easy to go back)?

Use both pieces of knowledge in the world and knowledge in the head?

Make things visible (Things are visible)?

Get the mappings right (Right Mapping)?
